

# A Testimony on Divine Mercy

Brother Stanley Villavicencio visits New Mexico for the first time!

*“I am Love and Mercy itself ...  
Let no soul fear to draw near to Me ...  
The greater the sinner, the greater the right  
he has to My mercy.”* (Diary of St. Faustina 1074, 699, 723)

*“Before I come as a just Judge,  
I first open wide the door of My mercy.  
He who refuses to pass through  
the door of My mercy must pass through  
the door of My justice.”* (Diary 1146)

*After being pronounced 'clinically dead' in 1993, Stanley has been travelling the world sharing his amazing spiritual encounters with Jesus, The Divine Mercy.*

## **Stanley's Story**

Stanley is married with 13 children. In 1993 his mother-in-law found him bleeding profusely from the mouth. After much loss of blood Stanley went into a deep coma and soon after was declared clinically dead. He then woke up 3 days later in perfect health.

While he lay 'dead' Stanley says he spoke with Jesus. As he died, the first image he saw was the image of Christ as the Divine Mercy. Stanley reviewed his life 3 times, as Jesus watched, the good things he had done and all the sins.

Christ asked him if he was willing to go back to His people and preach the message of Divine Mercy to a world in dire need of mercy and to spend his whole life doing it.

Stanley is approved by 2 cardinals and 22 bishops in the Philippines, - including his own archbishop Cardinal Ricardo Vidal, the Archbishop of Cebu in the Philippines.

On the occasion of the canonisation of St. Faustina in Rome in the - year 2000 Stanley gave his testimony to 36 Cardinals, 38 bishops, and many priests.

Since 1993 he has spoken over 6000 times in his efforts to evangelise - all over the world.

Many healings have come during the veneration of the Divine Mercy - image Stanley takes with him everywhere he goes. The veneration comes at the end of Stanley's presentation.
